CLINICAL NUCLEAR MEDICINE
PET-CT AND PET-MRI:
Case Review with Experts

COURSE DIRECTORS
Marcelo F Di Carli, MD
Annick D Van den Abbeele, MD, FACR
Emeritus Program Director
S Ted Treves, MD, FACNP

Harvard Medical School
Fairmont Copley Plaza
Boston, Massachusetts, USA
Brigham and Women’s Hospital

COURSE DESCRIPTION
Clinical Nuclear Medicine, PET-CT and PET-MRI: Case review with the experts is a well-established multidisciplinary post-graduate course designed for health care professionals involved in the practice of nuclear medicine and molecular imaging including nuclear medicine specialists, radiologists, physicists, clinicians, fellows, residents, medical students, and technologists. The objective of the course is to provide up-to-date professional development through the review of established and emerging clinical applications of nuclear medicine and molecular imaging. Through a combination of interactive case-based presentations and focused didactic lectures, the participants will be able to review a broad scope of new and advanced clinical applications, learn about technology innovations, and participate in Self-Assessment Modules (SAMs) to fulfill yearly Maintenance of Certification (MOC) requirements.

October 20-22, 2016
Fairmont Copley Plaza
Boston, Massachusetts, USA

Program Committee
Sharmila Dorbala, MD, FACC
Hyewon Hyun, MD
Heather A. Jacene, MD
Chun K. Kim, MD
Barbara McNeil, MD
Victor H. Gerbaudo, PhD, MSHCA
Heather A. Jacene, MD
Frederick D. Grant, MD
J. Anthony Parker, MD, PhD
Rachel A. Powsner, MD
Christopher G. Sakellis, MD

FRIDAY, OCTOBER 21 (cont.)

**ROLE of PET AND SPECT in NEUROLOGY** - *Moderator: Dr. Grant*

- 3:00 Dementia
  - Kevin Donohoe, MD
- 3:30 Epilepsy and Dopamine Transporter Imaging
  - S Ted Treves, MD, FACNP and Hyewon Hyun, MD
- 4:00 Case Review Face-off
- 5:00 Questions and Answers
- 5:15 Adjourn

SATURDAY, OCTOBER 22

**CLINICAL APPLICATIONS OF NUCLEAR MEDICINE** - *Moderator: Dr. Jacene*

- 8:00 Diagnostic Approaches to the Patient with Suspected PE
  - Andetta Hunsaker, MD
- 8:30 Lung Scan Interpretation
  - J Anthony Parker, MD, PhD
- 8:55 Hepatobiliary and Spleen Imaging
  - Chun Kim, MD
- 9:20 Gastric Emptying
  - Kevin Donohoe, MD
- 9:40 GI Bleeding
  - Rachel Powsner, MD

**MYOCARDIAL PERFUSION/FUNCTION SPECT and PET** - *Moderator: Dr Blankstein*

- 10:00 BREAK - Consultation Desk: Kevin Donohoe, MD and Rachel Powsner, MD
- 10:20 SPECT/PET MPI - Patient Centered Protocols
  - Sharmila Dorbala, MD, FACC
- 10:45 Pharmacologic Stress: Alone or Combined with Exercise
  - Thomas Hauser, MD, MMSc, MPH, FACC
- 11:05 The Nuclear Cardiology Consultation: Interpretation and Reporting of SPECT/PET MPI
  - Marcelo Di Carli, MD
- 11:30 Integrating Coronary Flow Reserve and Calcium Scoring with SPECT/PET MPI: What does it add?
  - Timothy Bateman, MD

**NEW OPPORTUNITIES FOR NUCLEAR CARDIOLOGY and its RELATIONSHIP TO MULTIMODALITY IMAGING** - *Moderator: Dr Taqueti*

- 1:00 SPECT/PET MPI Artifacts: How to Accurately Read Through Them
  - Sharmila Dorbala, MD, FACC
- 1:30 Assessing Myocardial Viability with SPECT and PET
  - Marcelo Di Carli, MD
- 2:00 Assessing Cardiac Inflammation/Infection
  - Ron Blankstein, MD
- 2:30 New SPECT/PET Applications of Nuclear Cardiology: Cardiac Amyloidosis and MIBG
  - Sharmila Dorbala, MD, FACC

- 3:00 BREAK - Consultation Desk: Sharmila Dorbala and Marcelo Di Carli, MD

**CLINICAL PRACTICE OF NUCLEAR CARDIOLOGY** - *Moderator: Dr. Dorbala*

- 3:20 Challenges for SPECT and PET in 2016: Reducing Radiation and Costs
  - Timothy Bateman, MD
- 3:50 Improving Safety in Nuclear Cardiology:
  - ECG Interpretation for Nuclear Medicine Physicians
  - Hicham Skali Lami, MD, MSc
- 4:10 SPECT and PET Face-off on Challenging Unknown Cases
  - Faculty
- 5:00 Questions and Answers
- 5:15 Adjourn

Lectures highlighted have been submitted for review and qualification by the ABNM and the ABR for SAM credit.
ACCREDITATION
The Harvard Medical School is accredited by the Accreditation Council for Continuing Medical Education to provide continuing medical education for physicians.

The Harvard Medical School designates this live activity for a maximum of 22.50 AMA PRA Category 1 Credits™. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

The Royal College of Physicians and Surgeons of Canada recognizes conferences and workshops held outside of Canada that are developed by a university, academy, hospital, specialty society or college as accredited group learning activities.

Through an agreement between the American Medical Association and the European Union of Medical Specialists, physicians may convert AMA PRA Category 1 Credit™ to an equivalent number of European CME Credits® (ECMECs®). Information on the process of converting AMA PRA Category 1 Credits™ to ECMECs® can be found at: www.eaccme.eu.

SAM CREDIT
This course is pending approval by the American Board of Nuclear Medicine and American Board of Radiology for Self Assessment Credits (SAM).

TECHNOLOGIST CREDIT
Technologists - Pending approval for CE credit by the ASRT

ABMS/ACGME COMPETENCIES
This course is designed to meet one or more of the following American Board of Medical Specialties and Accreditation Council of Graduate Medical Education competencies: Patient care and procedural skills, and medical knowledge

IOM COMPETENCIES
This course is designed to meet the following Institute of Medicine (IOM) Competencies: Employ Evidences-Based Practice

REGISTRATION INFORMATION

Physicians

$825

Residents/Fellows in Training/Technologist

$600

Allied Health Professionals

$600

*Processing $5 (non-refundable service fee)  *All fees shown in USD.

Registrations for Harvard Medical School CME programs are made via our secure online registration system. To register for this course, please visit https://www.hmscmeregistration.org/nuclearmedicine2016. At the end of the registration process, a Processing (non-refundable service fee) $5 will be added to your registration, and you will have the choice of paying by check or credit card (Visa, MasterCard, or American Express). If you are paying by check, the online registration system will provide you with instructions and a printable form for remitting your course fees by check. Postal, telephone, fax, and cash-payment registrations are not accepted. Upon receipt of your paid registration, an email confirmation from the HMS DCE office will be sent to you. Be sure to include an email address that you check frequently. Your email address is used for critical information, including registration confirmation, evaluation, and certificate.

INQUIRIES
By phone (617-384-8600), Mon - Fri, 9 am to 5 pm (ET) or by email at: ceprograms@hms.harvard.edu.

REFUND POLICY
Refunds, less an administrative fee of $75, will be issued for all cancellations received two weeks prior to the start of the course. Refund requests must be received by postal mail or email. No refund will be issued should cancellation occur less than two weeks prior. “No shows” are subject to the full course fee and no refunds will be issued once the conference has started.

DISCLOSURE POLICY
Harvard Medical School (HMS) adheres to all ACCME Essential Areas, Standards, and Policies. It is HMS’s policy that those who have influenced the content of a CME activity (e.g. planners, faculty, authors, reviewers and others) disclose all relevant financial relationships with commercial entities so that HMS may identify and resolve any conflicts of interest prior to the activity. These disclosures will be provided in the activity materials along with disclosure of any commercial support received for the activity. Additionally, faculty members have been instructed to disclose any limitations of data and unlabeled or investigational uses of products during their presentations.

COURSE LOCATION / ACCOMMODATIONS / TRAVEL
All sessions for this activity will be held at The Fairmont Copley Plaza, 138 St James Avenue, Boston, Massachusetts 02116 (Telephone: 617-267-5300). A limited number of rooms have been reserved at the Fairmont Copley Plaza, (800) 441-1414 until September 27, 2016. Please specify that you are enrolled in this activity to receive a reduced room rate of $409/$439 per night. Hotel arrangements can also be made online at https://resweb.passkey.com/go/clinicalnuclear. Please do not purchase nonrefundable airline ticket(s) until you have received an email from our office confirming your paid registration.

DISCLAIMER
CME activities sponsored by Harvard Medical School are offered solely for educational purposes and do not constitute any form of certification of competency. Practitioners should always consult additional sources of information and exercise their best professional judgment before making clinical decisions of any kind.

For more information and registration: https://www.hmscmeregistration.org/nuclearmedicine2016
LEARNING OBJECTIVES

Upon completion of this activity, participants will be able to:

- Apply newly-acquired competencies to the appropriate selection, implementation, acquisition/reconstruction and interpretation of nuclear medicine/molecular imaging studies to their clinical practice.
- Utilize the practical and clinically-oriented nuclear medicine/molecular imaging procedures to improve overall disease management and patient outcome.
- Describe the mechanisms of action of novel FDA-approved molecular-targeted drugs and immunotherapy and appraise their effects on cancer imaging.
- Apply novel therapeutic approaches to patient care when appropriate.
- Recognize and solve common technical problems and answer clinical questions encountered in routine nuclear medicine practices

TARGET AUDIENCE

This course is directed to nuclear medicine physicians, radiologists practicing nuclear medicine, fellows, residents, medical students and technologists.

GUEST FACULTY

Timothy M. Bateman, MD: Professor of Medicine and Radiology, University of Missouri, Kansas City School of Medicine, Co-director, Cardiovascular Radiologic Imaging Saint Luke’s Health System St Luke’s Heath Systems, Kansas City, MO

Christopher J. Palestro, MD: Professor of Radiology, Hofstra North Shore-LIJ School of Medicine; Chief of Nuclear Medicine and Molecular Imaging, North Shore Long Island Jewish Health System, Manhasset and New Hyde Park, NY

Eric Rohren, MD, PhD: Professor and Chair of Radiology, Baylor College of Medicine, Houston, TX

HARVARD MEDICAL SCHOOL FACULTY

Frederick D. Grant, MD: Assistant Professor of Radiology and Pediatrics; Division of Nuclear Medicine and Molecular Imaging, Boston Children’s Hospital

Thomas H. Hauser, MD, MMSc, MPH, FACC: Assistant Professor of Medicine; Director of Nuclear Cardiology, Beth Israel Deaconess Medical Center

Andetta R. Hunsaker, MD: Associate Professor of Radiology; Director, Division of Thoracic Radiology, Brigham and Women’s Hospital

Hyewon Hyun, MD: Assistant Professor of Radiology, Division of Nuclear Medicine and Molecular Imaging, Brigham and Women’s Hospital

Heather A. Jacene, MD: Assistant Professor of Radiology; Clinical Director, Division of Nuclear Medicine, Department of Imaging, Dana-Farber Cancer Institute, Staff Radiologist, Brigham and Women’s Hospital

Chun K. Kim, MD: Associate Professor of Radiology; Clinical Director, Division of Nuclear Medicine and Molecular Imaging, Brigham and Women’s Hospital

Neha Kwatra, MD: Instructor in Radiology; Boston Children’s Hospital

Ruth Lim, MD: Assistant Professor of Radiology, Division of Pediatric Radiology and Division of Nuclear Medicine and Molecular Imaging; Massachusetts General Hospital

Ellen Marqusee, MD: Assistant Professor of Medicine; Division of Endocrinology/Thyroid, Brigham and Women’s Hospital

J. Anthony Parker, MD, PhD: Associate Professor of Radiology; Division of Nuclear Medicine, Beth Israel Deaconess Medical Center

Rachel A. Powsner, MD: Lecturer on Radiology; Associate Professor of Radiology, Boston University School of Medicine; Section Head, Division of Nuclear Medicine, Department of Radiology, VA Boston Healthcare System

Christopher G. Sakellis, MD: Instructor in Radiology; Staff Radiologist, Department of Imaging, Dana-Farber Cancer Institute and Brigham and Women’s Hospital

Geoffrey Shapiro, MD, PhD: Associate Professor of Medicine; Director, Early Drug Development Center Clinical Director, Center for DNA Damage and Repair, Dana-Farber Cancer Institute

Hicham Skali Lami, MD, MSc: Instructor in Medicine, Division of Cardiovascular Medicine and Cardiovascular Imaging Program, Brigham and Women’s Hospital

Viviany R. Taqueti, MD, MPH: Assistant Professor of Radiology; Cardiovascular Imaging Program, Brigham and Women’s Hospital

S. Ted Treves, MD, FACNP: Professor of Radiology; Division of Nuclear Medicine and Molecular Imaging at Brigham and Women’s Hospital

Annick D. Van den Abbeele, MD, FACR: Associate Professor of Radiology; Chief, Department of Imaging and Founding Director, Center for Biomedical Imaging in Oncology, Dana-Farber Cancer Institute; Co-Director, Tumor Imaging Metrics Core, Dana-Farber/ Harvard Cancer Center

Katherine Zukotynski, B.A.Sc., MD, FRCP(C): Visiting Assistant Professor Radiology; Research Associate, Brigham and Women’s Hospital, Assistant Professor Medical Imaging, University of Toronto, Division of Nuclear Medicine, Sunnybrook Hospital, Toronto, Ontario
